

Welcome to the Vance minute. I'm Joe B. Wiles with the Public Affairs Office...

Folks at Vance now have a place to drop off their unwanted or unneeded medications in the lobby of the 71st Security Forces Squadron headquarters building.

The Drug Disposal Box was officially opened for business when the 71st Flying Training Wing commander and the chief of the Vance pharmacy deposited the first bottles of old, unused prescription drugs during a dedication ceremony April 25th.

The disposal box, the first of its kind at Air Education and Training Command bases, is the result of a joint effort between the Medical Group, the Security Forces, the Vance Drug Demand Reduction Office and the nonprofit group, PreventionWorkz.

More than 400 Team Vance members put on their running shoes April 18th and participated in the fifth annual Sexual Assault Prevention and Response Awareness run.

The 5K event was designed to give people time to reflect on the impact sexual assault has on members of the United States Air Force.

That's your Vance Minute...have a great Air Force day.
